Voter Registration Information

Who Can Register and Vote

To register and vote, you must be 18 years of age, a U. S. citizen, and a legal resident of the State of Florida and of the county where you intend to vote. A person who is otherwise qualified may pre-register on or after that person's 16th birthday and may vote in any election held on or after that person's 18th birthday.

(See Section 97.041, Florida Statutes)

Persons Not Entitled to Register or Vote

You cannot register or vote if you are:

- Adjudicated mentally incapacitated with respect to voting unless that right has been restored.
- A convicted felon unless you have your right to vote restored.
- Not a citizen of the United States of America. (A lawful permanent resident cannot register or vote in Florida.)

(See Section 97.041, Florida Statutes)

How to Register

To register to vote, you must fill out a Florida Voter Registration Application. Voter registration applications are available at the Supervisor of Elections' office, driver license offices, state agencies that provide public assistance, state agencies that serve persons with disabilities, public libraries, and city halls. A person may also print a registration application from our web site at www.holmeselections.com

You will be offered the opportunity to apply to register to vote or update your voter registration when you obtain your driver's license or when you apply for public assistance at state agencies.

Applications may be submitted in person at any Florida Supervisor of Elections office or by mail to Holmes County Supervisor of Elections, 201 N. Oklahoma St., Ste. 102, Bonifay, FL 32425.

A voter registration application is complete for <u>new registrations</u> if it contains:

- Your name.
- Your legal residence address.
- Your date of birth.
- Your valid Florida driver license number, or Florida identification card number. If you have not been issued either of these numbers, then you must provide the last four digits of your Social Security number. If you have not been issued that number either, then you must indicate "none" in the field asking for this information.
- Affirmation that you are a citizen of the United States.
- Affirmation that you have not been convicted of a felony or that, if convicted, you have had your civil rights restored.
- Affirmation that you have not been adjudicated mentally incapacitated with respect to voting or that, if so adjudicated, you have had your right to vote restored.
- Your signature. By signing or marking the registration application, you swear or affirm under penalty of false oath that the information contained in the registration application is true. (A power of attorney is not accepted. No one other than the voter may sign or mark his or her own voter registration application.)
- **Note:** Although not required for registering, if you do not designate a political party affiliation, you will be registered without party affiliation.

(See Section 97.053, Florida Statutes)

When Can You Register or Update a Registration Record

You can apply to register to vote at any time either by mail or in person. However, the deadline to register is the 29th day before that election. If you or your accompanying family member has been discharged or separated from the uniformed services or Merchant Marine, has returned from a military deployment or activation, or has separated from employment outside the United States, after the registration deadline, and you are otherwise qualified, you have until 5 p.m. on the Friday before the election to register in the office of the Supervisor of Elections. Contact the Supervisor of Elections for your county for information about what evidence must be provided with your registration application. Otherwise, new voter registrations will be accepted after the deadline to register for an election, but only for the purpose of subsequent elections.

Your registration date will be the date your new voter registration application is postmarked or hand delivered to the Supervisor of Elections office. If your application is complete and you are qualified as a voter, a voter information card will be mailed to you.

You can make changes to your name, address, signature, and political party after the registration deadline for an election; except that a political party change made after the registration deadline for a primary election will not become effective until after the primary election.

(See Sections 97.053, 97.055 and 97.0555 Florida Statutes)

First-Time Voters who Register by Mail

Special identification requirements apply if you register by mail and you are a first-time voter in the State and you have not been issued a Florida driver license number, Florida identification number, or a Social Security number. Instead, you must provide one of the following forms of identification in order to register if it contains your name and photograph:

- United States passport,
- Debit or credit card,
- Military identification,
- Student identification,
- Retirement center identification,
- Neighborhood association identification, or
- Public assistance identification.

You can provide instead a copy of a current and valid utility bill, bank statement, government check, paycheck, or other government document containing your name and current residence address. **Do not send** original identification documents to the Supervisor of Elections. To avoid any potential problems when you go to vote, it is best that you submit a copy of the required identification with your voter registration form. If you wait until you go to the polls to vote, you have to provide a photo and signature ID before you can vote a regular ballot. If you wait until later and vote absentee, you must provide a copy of the identification with your absentee ballot or your ballot will not count.

If you vote absentee and fall into one of the following categories, you do not have to satisfy these special identification requirements, provided you swear or affirm under penalty of oath on your ballot certificate that you are exempt:

- Are 65 years of age or older
- Have a temporary or permanent physical disability
- Are a member of the uniformed services on active duty or a spouse or dependent, thereof, who, by reason of such active duty, is absent from the county on Election Day.
- Are a member of the Merchant Marine or a spouse or dependent thereof, who, by reason of service in the Merchant Marine, is absent from the county on Election Day.
- Are residing outside the United States but are eligible to vote in Florida.

Voter Registration is a Public Record

In Florida, voter registration records are open to the public. Any person can examine or copy the records. However, the following registration information is confidential and exempt from public disclosure: Social Security number, driver license number, Florida identification number, location of voter's place of registration, and location of place of registration update. A voter's signature may be viewed but not copied.

(See Section 97.0585, Florida Statutes)

Placement on Inactive Voter Rolls and Removal

When the Supervisor of Elections receives information from the post office or another governmental agency source indicating your residence may have changed to another address in Florida, your registration record will be automatically changed to reflect that new address. You will then receive an *address change notice*. You only have to respond if the new address is not correct. However, if the information received from the post office or other agency source shows you have moved outside the state, you will be sent an address confirmation final notice. You have to respond to this notice within 30 days. If you do not, your registration status will be changed to inactive. As an inactive voter, you are still registered. This means that you can still update your voter registration record, go to the polls to vote, or request an absentee ballot. When you do any of these activities, your status will be changed back to active status. However, if you do not do any of these things after two general (federal) elections from the date you were made inactive, you will be removed from the registration records. You will have to register again in order to vote.

(See Section 98.065, Florida Statutes)

Changes in Address, Name, Party, or Signature

When Voters Move

Whenever you change your residence within the State of Florida, you should update your voter registration record. If you contact your Supervisor of Elections in the county of your new residence directly, you can make that change in person, by phone, by fax, by e-mail, or by other signed written notice (including a voter registration application), provided it includes your date of birth. If you submit your change to any other Supervisor of Elections in the state, to the Division of Elections, to the Department of Highway Safety and Motor Vehicles, or any voter registration agency, you have to use a voter registration application.

The reason why it is important to update your address is because, by law, you can only vote in the precinct to which you have moved. However, if you are temporarily living outside your home county and have no permanent address in the county, you can apply to be registered and vote in the precinct that contains the main office of the Supervisor of Elections. You will not, however, be allowed to vote in municipal elections.

In order to avoid delays at the polling place you should update your address before you go to vote. If you wait until Election Day to update your address, you will have to execute a change of address at the polls before you can vote.

If you move overseas indefinitely and the last place you lived in the U.S. was in Florida with no permanent residence, and you are still a registered Florida voter, you can still vote but in federal elections only.

(See Sections 97.1031 and 101.045, Florida Statutes)

When Voters Change their Name

If you change your name by marriage or other legal process, you must notify the Supervisor of Elections of such change by completing a voter registration application or other signed written notice. Your date of birth is required. If you have not provided this information prior to going to vote, you will have to fill out a name change form at the polls before voting.

(See Sections 97.1031 and 101.045, Florida Statutes)

When Voters want to Change their Party Affiliation

If you want to change your party affiliation, you must notify the Supervisor of Elections of such change by using a voter registration application or other signed written notice. Your date of birth is required. You can not change your party at the polling place. To be effective for a primary election, a party change must be made at least 29 days before the primary election.

(See Sections 97.1031, Florida Statutes)

Signature Updates

It is very important for you to keep your signature current with the Supervisor of Elections. To update your signature, you must use a voter registration application and submit it to the Supervisor of Elections. Signatures on your registration record are used to verify signatures on petitions and on provisional and absentee ballot certificates and affirmations. If your signature does not match your signature on record, your petition or ballot will not count. Signature updates for provisional and absentee ballot verification purposes must be submitted no later than the start of the canvassing of absentee ballots. Canvassing may start as early as 15 days before Election Day. Contact your Supervisor of Elections to find out when canvassing for an election begins.

(See Section 98.077, Florida Statutes)

Military and Overseas Citizens (See 'Absentee Voting' for all other voters)

Registering and Voting Absentee

If you are a United States uniformed service member on active duty, a Merchant Marine member, spouse or dependent thereof, or a United States citizen residing outside of the United States, you can use the Federal Post Card Application (FPCA) either to register to vote or to request an absentee ballot (if you are already registered), or to do both at the same time. You get the FPCA from a Voting Assistance Officer or through the Internet at www.fvap.gov. The FPCA request for an absentee ballot will be effective as a request for all elections through the end of the calendar year of the second ensuing regularly scheduled general election after the date of the request. If the FPCA is not available, phone or send a written request by mail, fax, or e-mail to the Supervisor of Elections and a voter registration application or absentee ballot will be sent to you however you want it sent (i.e., by mail, fax or e-mail).

By law, absentee ballots for requests on file must be transmitted to military and overseas citizens at least 45 days before each election. If you have not received your ballot two weeks before an election, contact your county Supervisor of Elections. If you are already registered, you can also request at any time up through Election Day to have an absentee ballot sent by fax or e-mail to you instead of receiving it by regular mail. You can make the request by phone, by fax, by mail, or online. If you include an email address with your absentee ballot request, the Supervisor of Elections will use that e-mail address to notify you when your request was received; the estimated date the ballot will be sent to you; and when your returned, voted ballot was received.

Once your absentee ballot is received carefully follow the instructions sent to you with your absentee ballot or else your ballot may not count. Sign and date the ballot certificate to ensure that your ballot is counted. Return the voted ballot so that the Supervisor of Elections received it no later than 7 p.m. on Election Day. If you are overseas, you can return your voted ballot by fax or mail by following the instructions with your ballot. Otherwise, if you are a uniformed services member absent stateside, you must return your voted absentee ballot by mail.

An absentee ballot received from an overseas voter in any Presidential Preference Primary or General Election which is postmarked or dated no later than the date of the election will be counted if the ballot is received by the Supervisor of Elections no later than 10 days after the date of the election.

You can track the status of your absentee ballot request and the ballot online at <u>www.holmeselections.com</u> or at http://elections.myflorida.com.

(See Sections 101.6952 and 101.697, Florida Statutes)

Federal Write-In Ballot

If it is getting close to Election Day and you still have not received your absentee ballot, you can use the Federal Write-In Absentee Ballot (FWAB) as an emergency back-up absentee ballot. In order to use it, you have to be a registered voter and have previously requested a regular absentee ballot. The ballot can only be used to vote for federal office races, and for state and local races with two or more candidates. You cannot use the ballot to vote for referendum issues or for judicial retention candidates.

To mark your choice for a federal office on the FWAB, write the candidate's name, or for general elections only, you have the option of writing either the candidate's name or the political party. In the latter case, the vote cast will be counted for the candidate of that political party, if there is such a party candidate on the ballot. To mark your choice for a state or local office, write the office title and the candidate's name, or for general elections only, you have the option of writing either the candidate's name or the candidate's political party. In the latter case, the vote cast will be counted for candidate's political party. In the latter case, the vote cast will be counted for candidate's political party, if there is such a party candidate on the ballot. In the case of a joint candidacy, a vote cast for one or both qualified candidates on the same ticket will count as a vote cast for the joint candidacy.

State Write-in Ballot

If you are an overseas voter and military or other contingencies will prevent you from getting the official absentee ballot during the normal absentee voting period, you can vote a state write-in absentee ballot. The period for requesting the state write-in absentee ballot from your Supervisor of Elections is between 180 days (6 months) and 90 days (3 months) before the general election. To mark your choices on a state write-in ballot, write in the candidate's name or the name of a political party. In the latter case, the ballot will be counted for the candidate of that political party, if there is such a party candidate on the ballot.

(See Section 101.6951, Florida Statutes)

Late Registration

If you have been discharged or separated from the uniformed services or the, Merchant Marine, have returned from a military deployment or activation, or have separated from employment outside the territorial limits of the United States, you may still register to vote at the office of the Supervisor of Elections after the 29day deadline to register for an election, provided you are otherwise qualified. You have until 5:00 p.m. on the Friday before that election to register. This also applies to an accompanying family member. You will have to produce sufficient documentation showing evidence of qualifying for the late registration pursuant to this section.

(See Section 97.0555, Florida Statutes)

What to Expect at the Polls

Polls will be open on Election Day from 7 a.m. until 7 p.m. To determine your polling location, check your voter information card, visit www.holmeselections.com or call the Supervisor of Elections office at (850) 547-1107.

You will be asked to show a current and valid photo and signature identification when you go to the polls to vote. Acceptable forms of photo identification include:

- Florida driver's license
- Florida identification card issued by the Department of Highway Safety and Motor Vehicles
- United States passport
- Debit or credit card
- Military identification
- Student identification
- Retirement center identification
- Neighborhood association identification
- Public assistance identification

If your photo identification does not contain your signature, you will be required to show an additional identification that provides your signature. Once your identity has been established, you will be asked to sign the precinct register and then you will be allowed to vote. If you need assistance in marking your ballot, please inform the poll worker.

Holmes County uses an optical scan voting system. This means that, upon verification of your eligibility, you will be presented with a paper ballot printed with the races/candidates that you are eligible to vote on. You will retire to a secrecy booth and mark your ballot with the pen provided by filling in the oval next to your choice. If you make a mistake when voting, ask for a replacement ballot. You may receive up to two replacements, or a total of three ballots. Once you are finished marking your ballot, you will place it into a machine that reads and records your votes.

During general elections, in addition to the names printed on the ballot, a blank space shall be provided under each heading for an office for which a write-in candidate has qualified. To vote for a write-in candidate, blacken the oval and write the name on the line provided.

Voters with Disabilities

A ballot-marking device with audio capabilities will be available at each polling location for use by voters having a disability.

Provisional Ballots

If your eligibility to vote cannot be determined, or you do not have the proper identification, you will be allowed to vote a provisional ballot. A person casting a provisional ballot has the right to present written evidence supporting his or her eligibility to vote to the Supervisor of Elections by no later than 5 p.m. on the second day following the election. If you voted a provisional ballot <u>solely</u> because you did not bring photo and signature identification to the polls, you do not have to present further evidence of eligibility. The local canvassing board will simply compare your signature on the provisional ballot certificate with your signature on the voter registration record. If the signatures match, your provisional ballot will count (provided you were in the proper precinct). All voters who vote provisionally, regardless of the reason, are to be given a written notice of rights.

(See Sections 101.048 and 101.043, Florida Statutes, and Rule 1S02.037, Florida Administrative Code)

Assistance in Voting

All polling places are equipped with accessible voting systems for persons with disabilities to enable such persons to vote without assistance if they choose. However, if you are a person with a disability or cannot read or write and wish some to help you, you can designate someone of your own choice, other than an employer or an officer or agent of your union, to provide such assistance. Elections officials may also provide assistance.

(See Sections 97.061 and 101.051, Florida Statutes)

Change of Precinct or Polling Location

When a polling place is moved, the Supervisor of Elections will mail a notice of the change of polling place to each registered voter affected by the change at least 14 days prior to an election. A notice will also be posted online and in a newspaper of general circulation in the county.

(See Section 101.71, Florida Statutes)

Primary Election

Florida is a closed primary state. That means that only voters who are registered members of political parties may vote for their respective party's candidates in a primary election. However, the Florida Constitution provides that if all candidates have the same party affiliation and the winner will have no opposition in the general election, all qualified voters, regardless of party affiliation, may vote in the primary election for that office. This is known as a Universal Primary Contest.

All voters, including those without party affiliation, are entitled to vote on nonpartisan judicial and school board races, nonpartisan special districts, and local referendum questions which are included in some primary elections.

(See Section 101.021, Florida Statutes)

<u>Note</u>: In a partisan race, the candidate receiving the highest number of votes in each contest in the primary election shall be declared nominated for such office. If two or more persons receive an equal and highest number of votes for the same office, they will draw lots to determine who shall receive the nomination. Names of nominated candidates with opposition from candidates of different party affiliations are placed on the general election ballot.

In nonpartisan races appearing on the primary ballot (county and circuit court judges and school board members), if more than two candidates are on the ballot and no candidate receives a majority of the votes cast for that office, the names of the two candidates receiving the highest number of votes shall be placed on the general election ballot. If more than two candidates receiving an equal and highest number of votes, the name of each candidate receiving an equal and highest number of votes shall be placed on the general election ballot. In any contest in which there is a tie for second place and the candidate placing first did not receive a majority of the votes cast for such office, the name of the candidate placing first and the name of each candidate tying for second shall be placed on the general election ballot.

(See Sections 100. 061and 105.051, Florida Statutes)

General Election

A general election is held in November of each even-numbered year to choose a successor to any federal, state, county, or district officer whose term will expire before the next general election. All voters are eligible to vote in a general election regardless of party affiliation.

(See Sections 100. 031, Florida Statutes)

Presidential Preference Primary

A nonbinding election held every four years to give voters the chance to instruct party delegates of their nomination for President of the United States.

Nonpartisan Judicial Elections

Candidates for the Florida Supreme Court and District Courts of Appeal will appear on the ballot in the general election for a vote on their retention. Candidates for circuit and county court judge will appear on the primary ballot and on the general election ballot, if necessary.

(See Section 105.041, Florida Statutes)

Poll Watchers

Each political party, candidate, and political committee formed for the specific purpose of expressly advocating the passage or defeat of an issue on the ballot may have one poll watcher in each polling room or early voting area at any one time during an election. Poll watchers must be registered voters in the county and cannot be candidates or law enforcement officers. Poll watchers may not interact with voters and must pose any questions regarding polling place procedures to the clerk of the polling place. Each political party, each political committee, and each candidate requesting to have poll watchers must designate, in writing to the Supervisor of Elections, poll watchers for each precinct prior to noon of the second Tuesday preceding the election. Poll watchers for early voting shall be requested in writing to the supervisor at least 14 days before early voting begins.

(See Section 101.131, Florida Statutes)

Poll Workers

Poll clerks and inspectors are appointed by the Supervisor of Elections at least 20 days prior to an election and make up the election board. All poll workers must attend a poll worker training class. If you would like would like to work at the polls, please visit our website at <u>www.holmeselections.com</u> or call our office for more information.

(See Sections 102.012 and 102.014, Florida Statutes)

Absentee Voting

Who can Vote Absentee

All qualified (registered) voters are permitted to vote absentee under Florida Law.

(See Sections 97.021(1) and 101.62, Florida Statutes)

How to Vote Absentee

A voter, or if directly instructed by the voter, a member of the voter's immediate family or the voter's legal guardian, may request an absentee ballot from the Supervisor of Elections in person, by mail, by telephone, or online through the Supervisor of Elections' website. One request can cover all elections through the end of the calendar year following the second ensuing regularly scheduled general election. The person requesting an absentee ballot must disclose:

- The name of the voter for whom the ballot is requested;
- The voter's address;
- The voter's date of birth;
- The requester's name;
- If the requester is other than the voter, the following additional Information must be provided:
 - *The requester's address;
 - *The requester's driver license number, if available;
 - *The requester's relationship to the voter; and
 - *The requester's signature (written request only).

A request for an absentee to be mailed to a voter must be received by the Supervisor of Elections no later than 5 p.m. on the sixth day before the election. Absentee ballots will be mailed by **non-forwardable** mail to the voter's current mailing address on file with the supervisor of elections. If the ballot is requested to be mailed to an address other than the address on file, the request must be made in writing and signed by the voter.

However, voters covered by the Uniformed and Overseas Citizens Absentee Voting Act (UOCAVA) will not be required to submit a signed written request to have an absentee ballot mailed to an address that is different from the address on file. UOCAVA absentee ballots will be sent by **forwardable** mail, fax or email as specified by the voter in the request. Instead of having the absentee ballot mailed, a voter may pick up his or her ballot at any time after the ballots are printed but before 7 p.m. on Election Day. A designee may pick up an absentee ballot for a voter beginning the 5^{th} day before Election Day. A designee may only pick up two absentee ballots per election, other than his or her own ballot or ballots for members of his or her immediate family. Designees must have written authorization from the voter, present a picture I.D., and sign an affidavit.

An absentee ballot may not be delivered to a voter or to a voter's immediate family member on Election Day unless there is an emergency to the extent that the elector will be unable to go to his or her assigned polling place.

Voted absentee ballots must be mailed or delivered in person reaching the Supervisor of Elections' office not later than 7 p.m. on the day of the election. Do not return your voted absentee ballot to a polling place. If you have obtained an absentee ballot but want to vote in your precinct on Election Day, you should take the absentee ballot with you to the polls, whether or not it has been marked, so that it can be cancelled. If you are unable to return the absentee ballot, you may be required to vote a provisional ballot.

You may track the status of your absentee ballot at www.holmeselections.com or <u>http:elections.myflorida.com</u>. (See Sections 101.62 and 101.69, Florida Statutes)

How to Vote Absentee using the Optical Scan Ballot

Read the ballot carefully before marking for any candidate or issue. Use black ink. Completely fill in the oval (\bigcirc) by the candidate or issue of your choice. To vote for a write-in candidate, blacken the oval and write the name on the line provided. If you make a mistake or change your mind, contact the elections office for instructions. Fold the ballot and place in the secrecy sleeve. Place the secrecy sleeve in the certificate (return mailing) envelope. Sign and date the certificate envelope as instructed, and mail or return in person to the elections office by 7 p.m. on the day of the election.

Early Voting

A qualified voter may vote in person at the office of the Supervisor of Elections. Dates and times for early voting sites will be announced prior to each election.

Holmes County uses optical scan paper ballots for Early Voting. Before being allowed to vote, you will be asked to present picture and signature identification. Upon verification of your information, you will be given a ballot issue ticket that indicates which style of ballot you should receive. An attendant will print your ballot based on the information on this certificate. To vote, you simply fill in the oval next to the name of the candidate or issue of your choice. After you have finished marking your ballot, you will place it into a tabulator that reads and records your vote. A ballot-marking device with audio capabilities will be available at the early voting site for use by voters having a disability.

(See Section 101.657, Florida Statutes)
